

Trailblazer Meeting Agenda

August 7, 2023 6pm - 8pm

Location: Don Pedro High School

Discussion:

- Adopt a Highway – A great turnout, the team did an amazing job and got it done in one morning. Thank you Eva, Tina, Chrystina, Robert and Jane.
 - Next cleanup will be in September.
- National Night Out – It was great to see everyone out there, to meet the community. Also a great way to learn about trail obstructions. Plans to attend more community events.
- County involvement – We have met with Shannon Poe and he has done research on our trails and previous involvement. He is on board with enforcing encroachments.
 - I have sent an email to the Tuolumne County District Supervisor. Kathleen Haff, no response.
- We are actively filing for a fictitious name, business license and 501c(3) -nonprofit status.
 - Once we get all the documents filled out and submitted, we can then apply for Grants designed for parks and trails in both counties. Grants can come from County, State and Federal. We can also get Grants from AQHA, Tractor supply, etc..
 - We will also be able to get Insurance coverage for our events, including cleaning days.
- Create a benefit plan of being a Trailblazer – Animal feeding program. Workdays get you free admission to activities (hikes or rides)
- Department of Fish and Game – trying to get the ponds restocked with Fish and to see how we can get the ponds cleaned.
 - Moccasin Hatchery would be the ones to restock but all they have is Trout, which needs cold water. Still working on getting a lead on stocking. Also working on who we would need to partner with to get them cleaned.
- August workday -
 - Location -
- August hike or ride –
