

Trailblazer Meeting Agenda

July 3rd 6pm

Location: Don Pedro High School

- Special guest District II Supervisor. Mr. Shannon Poe.
- We need assistance with the growing problem of illegal pot growers buying land in our area to grow. Puts our community at risk and our parks and trails unsafe.
 - Coronado area – large grow – visible from google maps as well.
 - Other part time residence – locations disclosed.
- We don't have enough law enforcement presence in our area, allowing for vandalism to our parks and recreational areas.
 - Play Park and snack shack at El Prado Park (near High School)
 - Kiosk at Alfier Park (Alamo & Paraiso)
- The county adopted our trail system years ago – we need help enforcing the easements against those that are encroaching and blocking these trails.
 - We also need the liability coverage on our scheduled workdays. What can we do to get that coverage?
 - Schedule events in our area to advertise these trails and get more people using them. We have maps for sale, we also hold guided trail rides (to horse owners) Fall, Winter, Spring hikes. (not a lot in summer due to rattle snake populations)
 - We also need sponsorship of equipment and supplies. Are there Grants we can apply for to help with acquiring funds to help with our projects?
- Mariposa Parks and Rec Commission
 - Steve Bacus was our District II Commissioner his appointment expired Jan 2022. Is there plans of electing a new official to speak or stand on our area's behalf?
 - When & where are these meetings held?
 - Can anyone attend?
- Overgrown road shoulders, popular and busy routes to the lakes put us residents at risk. How can we get these cleared back?
